

Summer Reading Bingo

Adventures in: Plants

Complete the activities and try and get a BINGO (five in row). Mark off the squares as you go. Turn in completed sheets to the library for the chance to win a prize. All cards must be turned in by **August 9**.

AGES 5-11 CARD 2

Can you find seeds on a plant?	Read a magazine.	Learn to identify three plants growing in the wild.	Don't use any screens for at least a day.	Read or listen to a book with trees or flowers on the cover.
Do some origami.	Learn about an edible plant. What part can you eat? Did you try it?	Draw a nature scene.	Dissect a plant. How many different parts can you name?	Make a video or put on a play.
Read a nonfiction book about plants.	Make a plant out of paper or cardboard.	Choose your own activity. _____	On a walk, see how many plants you can spot.	Learn about some plants to avoid. Don't touch the poison ivy!
Read to a pet or stuffed animal.	Smell a flower.	Find three different kinds of leaves. How are they similar? How are they different?	Help water the plants at home.	Play a board game.
Pretend a plant could talk; what do you think it would say?	Read while on a picnic lunch.	Draw, color, or paint some wildflowers. Email or show us your art work.	Listen to a story.	Learn some plant trivia! How many facts can you get?
